Volunteers Required for Participation in a Nutritional Supplement Study

The Human Performance Clinical/Research Laboratory in the Department of Health and Exercise Science at the Colorado State University is seeking volunteers to participate in a study evaluating the nutritional supplement, Protandim.

You may learn more about Protandim by visiting the website below:

http://www.lifevantage.com/products/protandim/

Volunteers should be aged 45-85 years, and weigh more than they prefer. Volunteers should not currently be using vitamins or other nutritional supplements.

Participants will receive financial compensation for time spent in the laboratory.

Potential risks for study volunteers – you will be asked to provide blood and muscle samples.

For more information, please contact Dr. Christopher Bell via telephone: 970-491-3495 or email: physiology@cahs.colostate.edu
